of educational
excellence.

NOTIFICATION OF INITIAL RADON TESTING IN WESTERVILLE CITY SCHOOL FACILITIES

December 14, 2018

Mission

Our mission is
to prepare students
to contribute
to the competitive
and changing world
in which we live.

To: Westerville City Schools District Website

Westerville City School District will be conducting initial radon testing during week of winter break at Whittier, Longfellow, Hawthorne, Robert Frost, Cherrington, and Annehurst Elementary. This testing will be conducted per Ohio Department of Health regulations. Results of testing will be posted on the web site. In the event that elevated radon levels are detected, steps will be taken (per appropriate regulations) to correct any problems found. Note that Ohio Department of Health, U.S. EPA, and U.S. Surgeon General also recommend testing of all homes for radon since that is where families spend most of their time and, therefore, where a family can have its greatest exposure.

Values

Respect
Inclusiveness
Community
Communication
Collaboration
Innovation
Nurturing
Trust
Accountability

For additional information, "A Citizen's Guide to Radon" pamphlet can be found at the following website:
