

Find how many times you can snap your fingers and clap your hands in 15 AND 30 seconds.

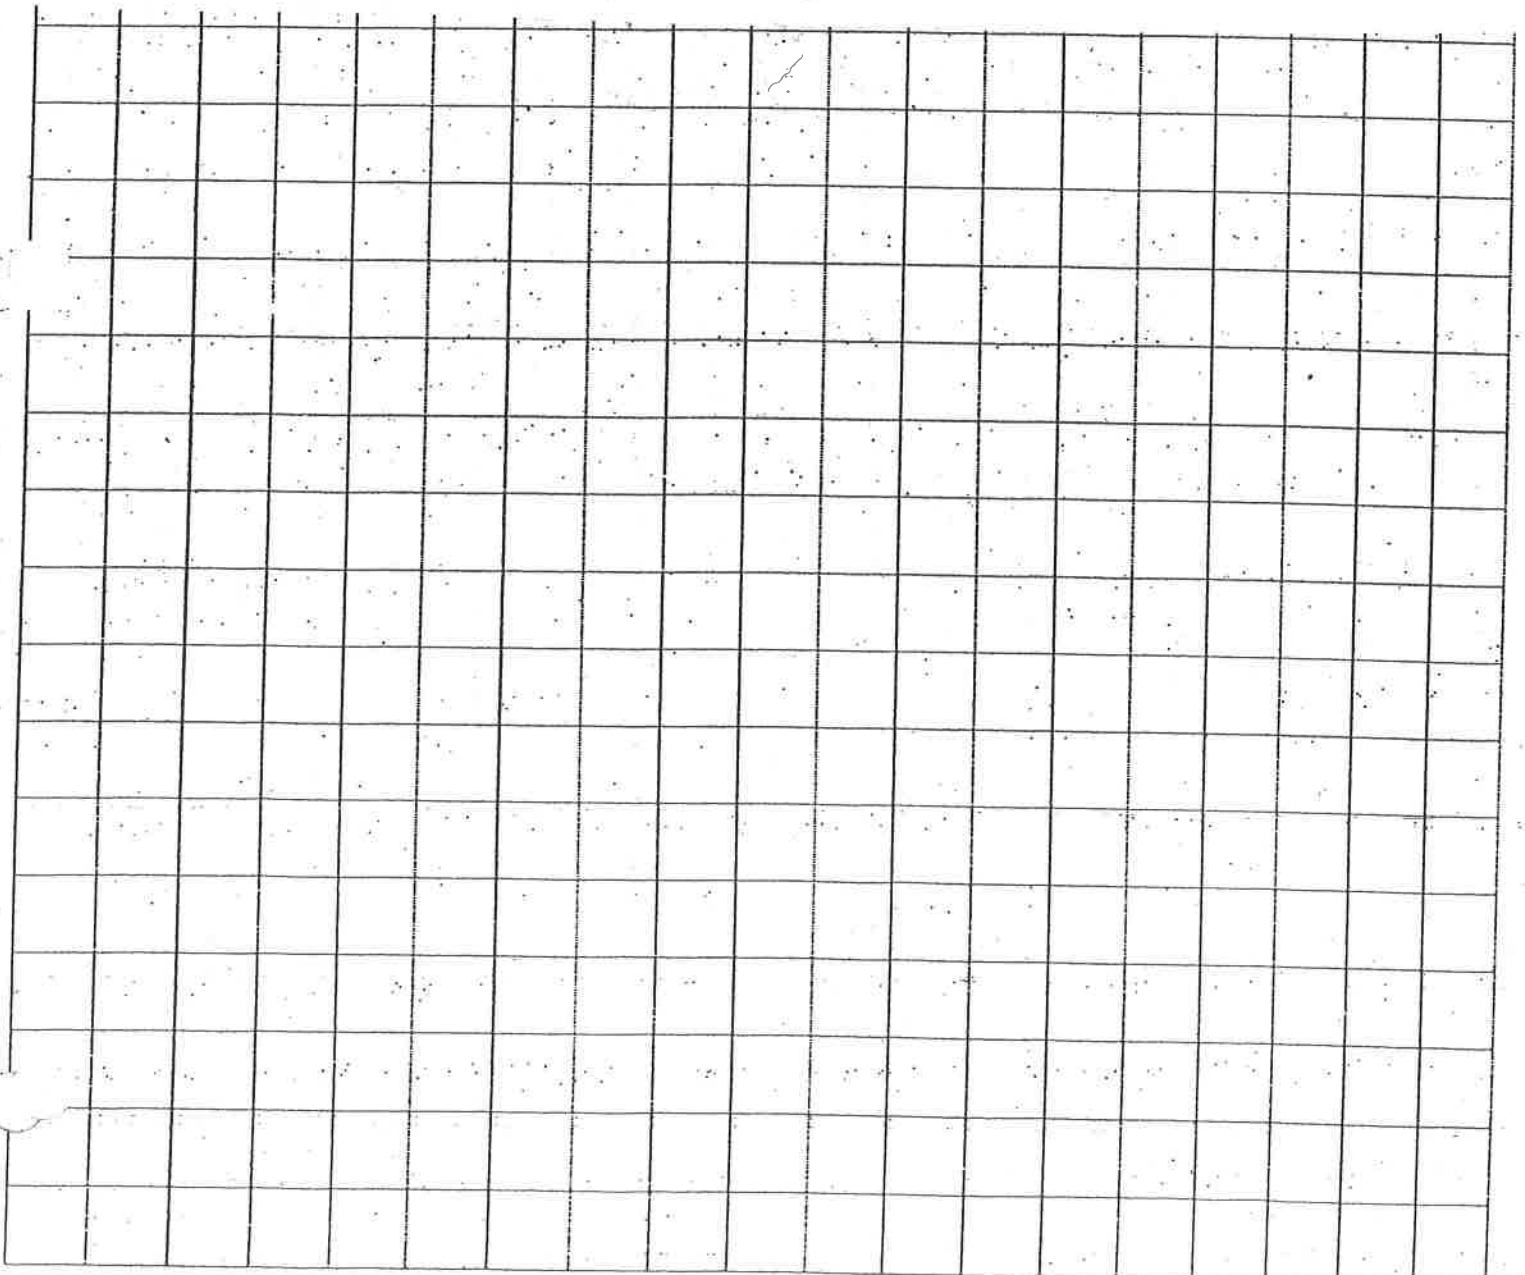

Snaps		1	1			
Seconds	15 seconds			30 seconds		

Put 15 sec. unit rate *Put 30 sec. unit rate*

Claps		1	1			
Seconds	15 seconds	1 sec		30 seconds		

Find the unit rate for 15 AND 30 seconds to find out which one was your faster rate. Simplify in the thick box. Were you faster when snapping for 15 or 30 seconds? Were you faster when clapping for 15 or 30 seconds?

Using a line graph, compare your two activities below. Discuss your results by comparing the two activities (I know this because...).

ONE-CENTIMETER GRAPH PAPER
