Week 8	09/26/22									/25 points
Week 9	10/03/22				B-Day DUE	A-Day DUE				/25 points

**Dates to Remember:**

**9/22/22- Early Release**

**\*Practice Record will be due the second class of Week 9**

**Total Points**

/100 points

**PARENT SIGNATURE** \_\_\_\_\_

**Practice Tips for Band**

1. Find a quiet spot & use a music stand.
2. Set small goals for individual sessions:  
 Example: \*Count & clap rhythms of a trouble spot, slowly, then increase speed
  - \*Improve your tonguing
  - \*Concentrate on improvement of hand position - check before you play
  - \*Improve breath support - try to increase the time you can hold one note
3. Use your pencil - write in counts, mark accidentals, circle dynamics

**Keep in Mind**

You'll usually enjoy playing your instrument if you can play something well. That means you have to practice to some degree in order to enjoy the whole experience more! Believe it or not, the practicing gets better when you can play better, and the playing is better when you practice regularly.
