

S.B. # 28

To create a National Tourism Research Board for the purpose of decreasing national deficit though the promotion and extension of tourism in the United States, as well as comprising an extensive research group in order to determine the problems that are causing the decrease in tourism throughout the United States of America.

In the Mock Senate of Westerville North High School

January 5th, 2005

Senator Morgan Howard introduced

A Bill

1. The National Tourism Research Board bill, if enacted, will create a board of scholars
2. (specialized in the field of foreign affairs and traveling) that will work together to
3. research the problems that are creating a decline in tourism in the United States.
4. Each state will be allowed two representatives to meet in the nation's capital,
5. Washington D.C., to review the trends of tourism in the past few years and
6. conduct studies that will provide beneficial information pertaining to these
7. analyzed tourism trends and how the nation can create more effective advertising
8. to promote tourism back into the United States. This board of researchers will
9. meet once a month and the meetings will consist of an analysis of the tourism

10. statistics of each state, as well as research conducted reviewing tourism trends in
11. the past which caused a boom in the economy due to its gradual increase in the
12. economy. Furthermore this board will work closely with the main airlines in
13. attempt to cease the latest trend of bankruptcy's within these specified airlines—
14. which thus conflicts with the economy and the stock market. This Research Board
15. will cost an estimated 1.5 million dollars, and will be in effect a year after it is
16. passed in order to schedule organized elections for the representatives, as well as
17. allowing time to gather tourism data and other information pertaining to the topic
18. at hand. This National Tourism Research Board will be in effect until
19. improvements are seen in the economy as far as influence of tourism is
20. concerned, or else the board will be terminated if results do not prove to be
21. beneficial to the nation's economy after a period of three years.
