

From the Desk of the School Nurse

Dear Parents

According to our health records, your child has a history of asthma. Would you please fill out the attached "Asthma Action Plan" and return it to school so that we can provide appropriate care to your child.

If you would like **school personnel to assist** your child with medication or you wish for medication to be stored in the clinic during the school year, the "**Request to Administer Prescribed Medication**" form needs to be completed by the doctor and signed by you.

If you would like your **child to carry an inhaler** during school hours, the "**Authorization for Student Possession**" form needs to be completed by the doctor and signed by you. Your child will then be responsible for the safe storage, appropriate usage, and reporting the use to a parent.

Please call if you have questions.

Sincerely,

School Nurse
